The Regents of the University of California ("Licensor") and the undersigned licensee ("Licensee") hereby agree that Licensor's grant to Licensee of the right to use and possess the software entitled, "Three-dimensional Structure Profiles (3D Structure Profiles) and Structure Compatibility Searches" (the "Program") shall be subject to all the following terms and conditions:

1. Licensor is the sole proprietor of copyright in and to the Program;
2. The Program is comprised of a computer program, including both source code and object code, any accompanying documentation provided hereunder by Licensor, and any modifications which Licensee may make to any of its components;
3. In and for consideration of Licensee's agreement to abide by the terms and conditions of this Agreement, Licensor grants to Licensee a non-exclusive, non-transferable, perpetual right to use, modify, and develop derivative works of the Program;
4. Such use may include installing the Program in up to six (6) workstations simultaneously, and concurrent possession of one archival copy of Program. All copies of Program, in whole or in part, and any derivatives thereof, shall remain subject to all the terms and conditions of this Agreement, and all such copies and derivatives, as so authorized, shall be marked externally on the storage or transfer media with the proprietary and copyright notices of Licensor:

and shall retain the internal proprietary copyright notices of Licensor;

5. Such use shall be extended only to Licensee and those persons within Licensee's immediate research group;
6. Licensee agrees that the Program will NOT be used in commercial activities, including, but not limited to, work under contract to a commercial company or any for-profit third party;
7. Such use shall NOT include any distribution of the Program in any form or version, or any derivative thereof, or any action which may be construed as a sale or sub-licensing of the Program, to any third party;
8. Any third party requests for the Program made to Licensee shall be referred to Licensor;
9. This Agreement shall be without term and the license it contains shall be perpetual, subject to the provisions in Articles 10 and 11 hereof;
10. This Agreement and the license it contains may be terminated by Licensor if, for any reason, Licensee fails to abide by all the terms and conditions set forth and agreed to hereby;

11. Upon any termination of this Agreement, Licensee agrees to return to Licensor all Program materials originally received by Licensee under this Agreement and to return or destroy all copies of the Program, including derivatives, made in any of its forms and in any medium;
12. Neither this Agreement nor the license it contains constitute a sale of the Program to Licensee;
13. Except as expressly stated above, Licensor has no control over conditions under which Licensee may use the Program. Therefore, Licensor does not and cannot warrant the performance or results that may be obtained by the use of the Program or its fitness for any specific use by Licensee. In no event shall Licensor become liable to Licensee, or any other party, for any loss or damages, consequential or otherwise, including but not limited to time, money, or goodwill, arising from the use or possession, authorized or not, of the Program by Licensee or any other party. Licensee agrees to indemnify, defend and hold harmless Licensor, its agents, and employees from and against all loss or expense resulting from liability of any nature arising from acts or omissions of Licensee, its employees, or agents in its use, possession or operation of Program;
14. This Agreement shall constitute the entire agreement between the parties hereto with respect to the subject matter hereof, and shall supersede all prior oral and written understandings, agreements, and representations hereto pertaining. This Agreement may not be modified except in writing signed by an authorized official of Licensor;
15. Under no circumstances shall this Agreement or any of the rights granted to Licensee hereunder be sold, assigned, or sublicensed, voluntarily or by operation of law, to any other person or entity, and any such purported sale, assignment, or sublicense shall be void. The prevailing party in any legal action brought to construe the terms of or enforce this Agreement shall be entitled to reasonable legal fees and costs;
16. This Agreement shall be governed by the laws of the State of California;
17. Licensee will report evidence of program bugs to the Licensor.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the dates written below.
